●3
Illustration

The app, BrightenUp, is designed to provide a sleek and user-friendly interface for browsing, purchasing, and exploring various types of lamps. The illustration will focus on showcasing the app's main features and a visually appealing layout. The app icon should be a stylish lamp, possibly emitting light rays.
The name "BrightenUp" should be displayed prominently.

● 4
Onboarding & home screen

Brightmzp, the premier lamp store app, offers a seamless onboarding experience that guides users through a series of intuitive steps to set up their profiles and preferences, ensuring a personalized shopping journey. Upon launching the app, users are greeted with a vibrant and welcoming splash screen, followed by a quick registration process. The home screen, designed with user-friendliness in mind, showcases a curated selection of trending lamps and exclusive deals, accompanied by high-quality images and detailed descriptions. Easy-to-navigate categories and a powerful search function allow users to effortlessly explore the diverse range of lighting options, while personalized recommendations and user reviews enhance the overall shopping experience.

● 5
Search & Payment Methods

The BrightmZp lamp store app provides users with a seamless and convenient shopping experience through its well-designed search and payment methods. The app features an intuitive search function that allows customers to quickly find lamps by using keywords, filters for style, color, size, and price range, and browsing through curated categories and collections. To ensure a smooth transaction process, BrightmZp supports multiple payment options including credit and debit cards, digital wallets such as Apple Pay and Google Wallet, and popular online payment systems like PayPal. Additionally, the app incorporates secure encryption technologies to protect users' financial information, ensuring a safe and trustworthy shopping environment.
